### **ALPINE SOLUTIONS INC. ANNOUNCES ISO 9001:2000 CERTIFICATION**

Camarillo, California---August 14, 2002---Alpine Solutions, Inc. a leading supplier of new, used and reconditioned computer peripheral devices to the medical market, announces that it has been awarded ISO 9001:2000 certification by the Certifying Organization of Perry Johnson Registrars, for servicing and repairing image printing and storage devices.

“Since inception, ASI has always been dedicated to providing our customers with the finest Quality Products and Services available”, said Ed Misukanis, President and CEO of Alpine Solutions, Inc. “This certification achievement is objective proof of our commitment to excellence. For our customers, having world class procedures and processes in place and utilized, removes the risks associated with selecting an organization to perform their repair and reconditioning services. For ASI, the focus on certified quality underscores the pride and commitment to excellence we place in the products and services we offer. We are all delighted and proud of this accomplishment”.

ASI, a leading supplier of Products and Services to the medical market since 1991, is dedicated to providing it’s customers with the best value and highest quality storage and image printing products and services that meet or exceeds their expectations each and every time.
